

# How to connect Stripe to Rapidus Driver account?

1. Once your account has been approved, please go to <https://www.rapidus.com/> and login as a Driver.

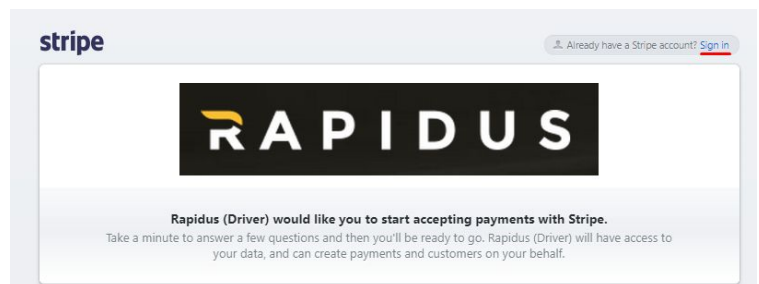

2. In your Driver account please click on "Connect with Stripe".

3. If you already have a Stripe account please click "Sign in" in the top right corner.

For the most of drivers, you will need to create a new account and you can do this by completing the form below.

4. If this is the first time when you are creating your Stripe account, you should add your personal and billing info.
5. In the "Business address" section, please type in your home address, city, state and zip code. If you have a different address that you use for business communication, feel free to use it, too.

A form titled 'Business address' with five input fields: 'Address Line 1', 'Address Line 2', 'City', 'State' (with a dropdown arrow), and 'ZIP'.

6. If you have incorporated your business, please select an appropriate corporation type from the dropdown and provide EIN number.

If you have not incorporated and work as an individual or sole proprietor, select the default option and use your SSN.
